Extra-Curricular Activities

At Durham School for Girls, we believe that learning extends far beyond the classroom. Our extensive programme of Extracurricular Activities (ECAs) is designed to inspire, challenge, and develop students of all ages through a wide range of engaging opportunities.

Whether students are discovering new interests or developing existing talents, our ECAs provide something for everyone. From sports and performing arts to science, technology, languages, and creative pursuits, students are encouraged to explore their passions in a supportive and enriching environment.

Participation in extracurricular activities plays an important role in a child's personal growth and development. For younger students, ECAs provide opportunities to build confidence, develop friendships, discover hidden talents, and foster curiosity and creativity.

For older students, involvement in clubs and activities offers many additional benefits. Participation helps to strengthen university applications and enrich CVs by demonstrating valuable qualities such as leadership, teamwork, resilience, commitment, and initiative, all of which are highly regarded by universities and future employers.

At Durham School for Girls, ECAs take place after school and typically run for one hour. Students will learn about available activities through tutor time and assemblies, while parents will receive a detailed ECA booklet outlining the clubs on offer each term.

Registration for activities takes place through the SchoolsBuddy system. Parents will receive communication in advance explaining when sign-ups will open and how to register their child for activities. We encourage all students to take advantage of the many opportunities available and become actively involved in the wider life of the school.

Student Behaviour

Primary (EYFS to Year 6)

At Durham School for Girls Doha, we are committed to developing the whole child through our core MARK values: Moral Integrity, Ambition, Responsibility and Kindness. Each week, we celebrate a student who exemplifies these values with a MARK Girl certificate.

We promote a positive approach to behaviour, placing strong emphasis on recognition, encouragement, and celebrating students who consistently make the right choices. This includes the use of rituals such as Dojos points and house points, which are awarded during lessons. The winning house each term receives a playtime treat, while one winning student from each class is rewarded with a movie afternoon.

Teachers also recognise positive learning behaviours through initiatives such as the "Secret Student" award, given daily, and Golden Time, which classes earn by collecting marbles through teamwork over a two-week period.

Members of the Senior Leadership Team further reinforce positive behaviours by awarding positive postcards during classroom visits.

When students require additional support to stay on track, we use clear and consistent logical consequences to guide behaviour. This is followed by opportunities for reflection, including the use of a Positive Pathways Report to encourage responsibility and self-awareness. We also utilise the Zones of Regulation framework to help students understand, manage, and regulate their emotions.

Our Head of Behaviour leads weekly sessions to support students in developing their understanding of behaviour for learning and strengthening their emotional regulation skills.

Secondary (YEAR 7 - YEAR 13)

As students mature, they are expected to demonstrate increasing independence, responsibility and leadership while upholding the high standards of the DSGD community.
